

ACKNOWLEDGEMENTS

The Miami-Dade County Training Task Force would like to thankfully acknowledge the participation and support of all the individuals who contributed to the overall effort. A critical component is County Manager Merrett R. Stierheim's foresight and commitment to training as a mechanism for positive organizational change. Task Force Chairperson Deborah Curtin's innovative leadership was the catalyst for the successful realization of the stated mission of the task force. We also acknowledge the Task Force Vice-Chairpersons, Dianne Davis, Agenda Coordination and Bobbie Phillips, Aviation Department for their support and assistance from the very beginning. Special thanks to each of the committee chairpersons: Michael Anderson, Team Metro; Connie Butler, Employee Relations Department; and Judi Zito, Information Technology Department; for their leadership, expertise, and guidance of some very productive committees. Additionally we would like to acknowledge the collective intellectual capital of the committee members who worked very hard to produce the contents of this report: Doug Yoder, department of Environmental Resource Management, deserves special mention for his coaching and guidance to the members of the task force. There were also several individuals who were not official members of the task force who participated in the meetings and should be acknowledged for their contributions to the overall effort. The task force members would like to acknowledge the many county employees who participated and contributed to the betterment of training in the Miami-Dade County by providing responses to the surveys. The members of the Miami-Dade Training Task Force would like to acknowledge the following individuals:
